

# Differentiating Keeping Left-Handed Students in Mind

Provide left-handed students with:

1. Pens with quick-drying ink, with the words on the pen *going in the right direction*
2. Pencils with hard, no-smudge lead, with the words on the pencil *going in the right direction*
3. A left-handed ruler
4. Left-handed scissors/Fiskars® (special scissors)/special-needs scissors
5. A notebook, spiral-bound on the right side and/or a steno pad, spiral bound on the top

Allow left-handed students to:

- slant their papers in whatever position is best for them when writing
- Print rather than write in cursive

Note: Never attempt to change a child handedness.
